Cyclone Idai

20 March, 2019.

## The Appeal

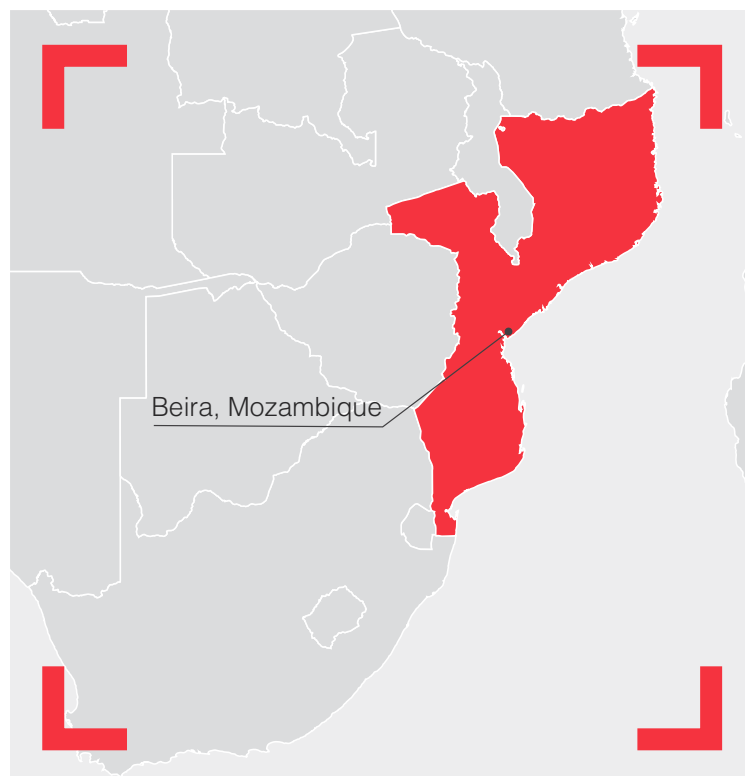

Mozambique Red Cross and International Federation of Red Cross and Red Crescent Societies (IFRC) are responding to the devastation brought by Cyclone Idai, one of the worst humanitarian crises in Mozambique's recent history. We need your help to support 75,000 people whose lives and livelihoods have been severely affected by the cyclone.

## Snapshot

Cyclone Idai made landfall on 15 March in the city of Beira located in Central Mozambique. The cyclone wreaked havoc on Beira and its surrounding areas, resulting in significant damage and destruction to shelter and settlements, health, water and sanitation facilities, as well as large swathes of crops.

This appeal will enable the Mozambique Red Cross and IFRC to support 75,000 of the most vulnerable people for 12 months. The operation will include support in shelter, health, water, sanitation and hygiene promotion, and protection, gender and inclusion.
